Dear Mr Garcia

I would like to thank you for the pictures you sent me. They came out very nice and they are such a nice reminder of a lovely time spent in S.A.

Raul may be gone but it will be a long time before he is forgotten. His friends have been working very hard and have succeeded in having our Veterans Memorial in E. Los Angeles named the Morin Memorial Monument. Which needless to say has made me very proud of him.

I am enclosing a poem that was composed and dedicated to his memory by a very good friend of ours. She read it over her radio program yesterday. She did a beautiful job of it while she played the Stars & Stripes forever in the background.

As soon as the date is set for the dedication of the monument I am going to notify the G. I. Forum as I am sure they would like to participate in the program.

My son Eddie and I stopped by at the V.A. Hospital in Denver Colorado & He visited with Sgt Armijo. It was his hospital buddy after all, they had a nice visit together. Ill close now Thanks Again for everything
Sincerely Ramon Morin
