Dear Dr. Garcia:

One of the strengths of the Leadership Corpus Christi program these past eight years has been the interaction and support of community leaders who serve as the Advisory Committee.

Approximately 30 men and women have served as advisors each year - helping answer questions and giving advice on speakers, programming and activities, attending one or more programs during the year, and being supportive of the program in general. We believe the Advisory Committee is important to the success of Leadership Corpus Christi and that the participants benefit from their association with these leaders.

The Steering Committee of Leadership Corpus Christi IX would like you to serve as an advisor this year, and we hope that your schedule will permit you to be involved. A form is enclosed for your reply. Please call me at 992-9900 if you have any questions.

Sincerely,

*Al Jones
General Chairman*
