Dr. Hector P. Garcia

Dear Dr. Garcia,

On recommendation of Mr. Vicente Ximenes, I applied to Mr. Frank Cummings for the position of Labor Affairs Officer in AID in Washington D.C. Mr. Ximenes then told me to ask and see if you would recommend me to the National Democratic Committee.

I have a B.A. in Inter-American Affairs from the University of New Mexico. I worked for the Southern Union Gas Company as a warehouse man for a year. I gained experience in bookkeeping, ordering, selling, and accounting while working there. Then I returned to Albuquerque to continue school. Now I am employed with the United States Post Office. In the G.I. Forum I have had experience in Public Relations and Labor Affairs. Being an active member I have acquired much of this experience. Also I am now making a concentrated study on these two subjects.

If you need more information as to my qualifications, I will give them to you here in Albuquerque on the seventeenth of this month. Thanking you in advance for your consideration, I await your reply.

Very Truly,

Thomas Tellez
