1315 Bright Street
Corpus Christi, Texas 78405

Dear Doctor,

I would like to ask a favor of you in helping one of my former colleagues. Lane Denton of Waco, a former member of the Texas House and the husband of our friend Betty Denton, is seeking the position of Principal Regional Official of HEW (Dallas Office).

It is my belief that Lane can do much to help the Mexican-American people of Texas in their dealings with this branch of the Federal government, and that he is the best qualified candidate for the position, both in knowledge and experience.

Enclosed you will find a copy of the letter that I have sent to President Carter and several other individuals, along with a copy of Lane's resume and biographical sketch. I hope that you will find them helpful in making your recommendation.

Muchisimas gracias primo!

Sinceramente,

Tony
