Dear Dr. Garcia:

Some time ago, when I was in your area, I offered to give you some information on various Civil Service Commission programs which could be helpful to the Spanish-speaking community in this area. Enclosed is an informational item on the WATS system, a means by which residents within our five state region can obtain information on Federal employment by calling a toll-free telephone number. This information, I feel, would make an excellent article for publication in your newspaper. It would provide prompt and accurate job information for all interested persons.

If you have any questions or if I can be of further assistance to you in this matter please let me know.

Thank you.

Sincerely yours,

NEWS RELEASE

Residents of a five state area which includes Arkansas, Louisiana, New Mexico, Oklahoma, and Texas (the Dallas Region of the U. S. Civil Service Commission) may receive information concerning Federal employment for their local area by calling the toll-free telephone numbers listed below. The U. S. Civil Service Commission has introduced this new telephone service in order to provide prompt and accurate job information to all who cannot conveniently contact the CSC offices located in major cities of the region. By dialing the numbers listed below, information can be obtained on current Federal job opportunities, on procedures for applying, or on special programs for returning veterans. In many of the offices, Information Specialists can converse with callers in Spanish and in English. Applications, job announcements, and informational pamphlets will be mailed on request.
