FROM: Joe A. Garza, Chief Judge

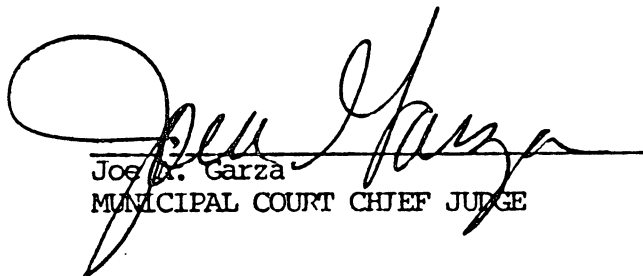

SUBJECT: Charging Fees on Copies of Complaints

On Tuesday, January 27, 1987, there was a hearing pertaining to charging fees for copies on non-certified complaints for defendants or for attorney of record.

After consideration of this matter, it was concluded that the defendant or the attorney of record is entitled to receive a non-certified copy of the complaint free of charge.

The attached order should end the controversy regarding this issue.

I have no intentions of going over this matter again in the future.
