Dear Dr. Garcia:

I understand you are interested in purchasing a copy of our videotape regarding the new OSHA regulations on bloodborne pathogens. The videotape features Leona Kocurek, Director of Infection Control for Memorial Medical Center, highlighting some of the more important points about the regulations.

I have prepared a packet for you, containing the videotape and the packet of information that was presented at our recent seminar on bloodborne pathogens. The packet includes the OSHA regulations, along with other information that will help you prepare and protect your staff. I have left the packet, with your name on it, in the office of Elvira Hernandez, MMC Medical Staff Coordinator, for you to pick up at your convenience.

We are honored to be able to help you and your staff better prepare for these regulations. As always, thank you for your continued support of Memorial Medical Center. If we can be of further assistance, please don't hesitate to call on us.

Sincerely,

Karen W. Givens
Director, Community Relations
