Dear Dr. Garcia:

I'll come right to the point . . . Toney Anaya is in a tough race for the governorship of the state of New Mexico. He has an excellent chance of winning but he needs to raise enough money to remain visible in the media, especially on television. This costs a lot of money. To meet these tremendous campaign expenses, I want to ask you, on behalf of Toney, for your financial support.

Toney has developed a tremendous following among New Mexicans because, among other things, of his progressive efforts in the area of law enforcement and advocacy for prison reform. During the four years as Attorney General of the state of New Mexico, he pushed for better laws to protect the consumer and the improvement of all facets of our correctional system in New Mexico.

His views on economic development have also helped him attain the impressive lead he currently holds against his opponent in the polls (55% to 37%). In short, Toney Anaya is committed to improving the status of people from all walks of life and is one of the most promising young Hispanic leaders in America today.

We are grateful for your kind attention and will appreciate receiving whatever contributions at the address above.

Thank you for your help.

Sincerely,

A handwritten signature in cursive script that reads "Vicente".
