Dear Dr. Garcia:

The United States Circuit Judge Nominating Commission is an experiment in selecting nominees for vacancies in the Federal judiciary. As an early participant in this experiment, your assistance is especially needed in making sure future procedures are as effective as possible.

We will use the information you and other Commission members provide on the attached questionnaire to understand the workings of these first Commissions. Based on our analyses of your responses, we hope to be in a position to recommend changes in the Commission procedures, if warranted, to the Attorney General and to the President.

Although it is not necessary for you to identify yourself, it would be helpful in analyzing the information if you would tell us at the top of the enclosed questionnaire the circuit Commission on which you served.

Thank you for your time and help. Please return the completed questionnaire to us in the enclosed envelope within one week. If you have any questions, do not hesitate to call me, or my associate, Paul Nejelski, (202-739-4606).

Sincerely,

A handwritten signature in cursive script that reads "Michael J. Egan".
