Dr. Hector P. Garcia
3024 Morgan
Corpus Christi, Texas 78400

Dear Dr. Garcia;

It appears as though our recent endeavors in the Corpus Christi area have been fruitful. I believe that the situation has been taken care of once and for all. We may get some further disturbance but I do not think that it will be of any great consequence.

Our friends here certainly wish for me to extend our sincerest appreciation to you for your co-operation and assistance in seeing this situation brought to what we believe will be an acceptable conclusion to all concerned.

I personally want to express my own thanks to you and all of those persons associated with you for the wonderful co-operation I have received in your area.

Relative to our conversations on employment matters enclosed you will find a letter from Debs Hensley which I believe is self explanatory. At the present time we do not have anything which we could offer Mr. Muguerza which would be conducive for him at Departmental level. However, his application will be held in abeyance by our finance section for future reference.

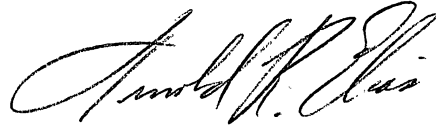

As to our conversations on other opportunities as I related to you I would be most appreciative of your support for either something at the White House or with the Alliance for Progress. I believe my experience both in State and Federal Government could be of some benefit, but I leave that in your hands and for your own evaluation. I shall be most happy to provide you with any additional information at your request.

I have not as yet been able to receive any definite information from Mr. John Field on foundation monies which might be available for special

studies but I shall contact you as soon as I hear something definite one way or the other. I believe that this is an area which can certainly aid in eliminating some of our long standing problems in organization, unity and purpose.

With warmest personal wishes for a joyous holiday season,

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Arnold R. Elias".

Arnold R. Elias
Confidential Assistant to the

Dr. Hector P. Garcia
3024 Morgan
Corpus Christi, Texas

Dear Dr. Garcia:

Further reference is made to your request inquiring as to the availability of positions for which Mr. Raime Mugerza's qualifications could be used.

At present all appointments, and promotions have been frozen in an attempt to comply with President Johnson's request for economy in all Federal Agencies. However I shall maintain a file on Mr. Mugerza and hope to have further information for you at the earliest practicable date.

With warmest personal regards,

Sincerely yours,

Arnold R. Elias
