Dear Dr. Garcia:

The U.S. House Immigration Subcommittee, on which I serve, is closely monitoring the implementation of the new immigration law to help insure its fairness and effectiveness.

Immigration and Naturalization Commissioner Alan Nelson and others involved with and concerned about the new law and its impact testified at an oversight hearing last week.

As the enclosed article from the Dallas Morning News indicates, the family unity issue is among the most compelling concerns that many of my colleagues and I have about the INS's implementation of the law. It is my determined hope that we will be able to resolve these questions promptly, responsibly, and humanely.

Please do not hesitate to provide me with your counsel on this or other matters of mutual concern.

Sincerely,

  
John Bryant  
Member of Congress
