Dear Dr. Garcia:

Please accept this note of thanks from those of us here at California Rural Legal Assistance for the excellent work the American G. I. Forum continues to do in the enforcement of rights for the minority groups.

Mr. Ray Abeytia, local Region Director of the G.I. Forum, has been of considerable assistance to minority groups in this area in pressing public complaints about remarks made by a California candidate for the office of Attorney General, Senator John Harmer.

Again thanks very much for your help.

Sincerely,

*Burton D. Fretz*
