Dear Hector,

I read the articles in NUESTRO magazine with the utmost interest, and I so appreciate your sharing them with me. It is going to give me the greatest pleasure to make this a part of our permanent collection at the LBJ Library!

Hector, I, too, have many cherished memories of our times together over the years. Your friendship and support meant so very much to Lyndon, and he was deeply proud and grateful for your many accomplishments!

With warmest wishes and the hope our paths cross again soon,

*Lady Bird Johnson*
