Dear Dr. Garcia:

It was great to see you during your recent trip to Washington, D.C. I'm glad you had a chance to come by and meet Senator Simon. He had heard much about you, but had not had the opportunity to meet you before.

I want to thank you for giving me a signed copy of your poster on the English Only movement. As I said earlier, I believe it is going to be a very effective mechanism for bringing the whole issue into proper perspective. I admire your willingness to lead the charge on this.

I'm also glad to know that you are not letting up on the issue of colonias. I believe that if more leaders were as involved in this issue as you are -- particularly those from the medical community -- it would have a significant impact and bring more focus to one of the most tragic issues facing our country today.

Keep up the good work!

Again, I'm glad we had a chance to visit. I hope that you will call on me if there is anything that Senator Simon or I can do to be of help.

Sincerely,

Richard Raymond
