Dear Doctor Garcia:

I discovered recently that I never did acknowledge your nice letter complimenting me and encouraging me on my interest in restudying the assassination of President Kennedy.

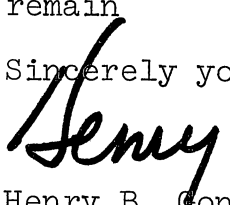

I continue to receive material and information from all over the country from many people who are very serious in the study of this. I am somewhat limited at this point in bringing this special study about here in Congress in as much as my staff and I must concentrate on the 20th congressional district.

The country is, as you know, in very serious economic trouble and the legislative workload here is very confused and hectic.

However, in respect to the John F. Kennedy assassination, I am hopeful that I can obtain the support of other congressmen in asking for a special committee in the 94th Congress. It is always good to hear from you.

With warmest personal regards, I remain

Sincerely yours,

Henry B. Gonzalez, M.C.
