Dear Dr. Garcia:

The CCSU students in my classes on Racial and Ethnic Minority Groups and I would like to thank you for making the presentation to them about your concern for Las Colonias in the Rio Grande Valley. We know you have an exhausting schedule with many responsibilities. It was most generous of you to give of your time and energy to speak both on Tuesday night and again on Wednesday morning.

The students were impressed with what you had to say and with your sincerity in wanting to improve the conditions for Las Colonias residents. Much needs to be done in their behalf. Our young people need to know the conditions under which less privileged citizens of this country live. They are the generation to do something about the inequalities which exist. They are our voters of today and our leaders for tomorrow! This must be a part of their education.

Once again, thank you for talking with these classes. We look forward to having you on campus more in the future.

Sincerely yours,
